

Homeowners insurance and Mortgage insurance

(Seguro de propietarios de vivienda– Seguro hipotecario)

Homeowners insurance mainly protects the borrower's investment in their home, while mortgage insurance financially protects the lender's investment in your home.

Mortgage insurance, also known as PMI, is typically required for borrowers who make a down payment of less than 20 percent when purchasing a home.

Homeowners insurance, protects the homeowner's investment by providing coverage for the structure, contents and liability, among other coverage types.

Wall and ceiling

- **Drywall/ Wallboard / Gypsum board- tablero de yeso:** used as the interior wall and ceiling facing in most homes.
- **Metal stud – Montante de metal:** A vertical framing member to which drywall is attached.
- **Flame retardant insulation – Aislamiento ignífugo:** materials that can be used in products to reduce the chances of a fire starting and to delay the spread of fire once it starts.
- **Acoustic insulation – Aislamiento acústico:** type of insulation that is designed to reduce the transfer of noise inside and outside your home.
- **Electrical panels – panel eléctrico:** it carries electricity to the outlets and fixtures in your home and it prevents overloads that could cause house fires.
- **Carbon monoxide detector – Detector de monóxido de carbono:** detects the presence of the carbon monoxide (CO) gas to prevent carbon monoxide poisoning.
- **Data Jack – toma/entrada de datos:** A wall-mounted or desk-mounted connector (frequently a wide telephone-style 8-pin RJ-45) for connecting to data cabling in a building.

Miscellaneous

- **Drain pipes – tuberías de drenaje:** a pipe that carries waste water or sewage away from buildings.
- **Engineered wood flooring – piso laminado:** made of a high-quality plywood core with a thin layer of hardwood flooring on top.
- **ACV compatible metal mounting bracket – soporte de montaje metálico compatible para aire acondicionado y ventilación:** Firmly secures the mount of an ACV unit with nails or screws.

Related Terminology

- **Quarried stone:** Piedra de cantera
- **Grout lines:** Juntas (de azulejos)
- **Beam:** Viga
- **Foundation:** Bases
- **Window sill:** Alféizar de una ventana

Sight translation

(Translate the following statements into the target language)

1. If the damage is sudden, accidental, and comes from inside your home, you're typically protected with a standard homeowners insurance policy. However, you typically won't be covered if the water damage is caused by outside flooding or a neglected repair.
2. In most coastal states, insurance companies have separate deductibles for wind, named storms, or hurricanes. The deductibles are generally more expensive than your normal deductible.

Sight translation

(Translate the following statements into the target language)

3. Una tasación del seguro de hogar es la visita en persona de un tasador profesional a la propiedad para determinar el valor de las pérdidas. Hay dos tipos diferentes de tasaciones de seguros de hogar: la realizada por el tasador de la compañía de seguros y la realizada por un tasador independiente contratado por el propietario.

4. La ley de Texas no exige que usted cuente con un seguro para propietario de vivienda, pero si aún debe dinero en su hogar, su prestamista le exigirá que lo tenga. Aunque no es un requisito legal, el seguro para propietario de vivienda es una buena idea porque ayuda a proteger su hogar y otros bienes.

Match the acronym with the definition

1. If you are requesting the assessment of the damages you should hire a:
2. A provision within an insurance policy that eliminates coverage for certain acts, property, types of damage or locations is a:
3. A superficial often woolly growth produced especially on damp or decaying organic matter or on living organisms by a fungus:
