

DESCRIPTION

The LanguageLine Solutions (LLS) ONIS training program emphasizes the development of interpreter skills through self-paced instruction and practice.

While this is an online program, participants will practice with a trainer and receive on the spot corrective feedback to ensure interpreter skill development. Once training is complete, participants move on to the nesting portion of the program.

During this period, participants take calls and meet with a mentor.

At the end of ONIS participants are fully prepared to go on the line and begin working as an interpreter.

ATTENDANCE POLICY

Attendance is required every day and participants are expected to complete all daily tasks timely.

LLS monitors and tracks all participant activity in our system or adherence and completion.

ONIS participants are expected to report for work every day.

Any absences need to be reported to the Learning Coach.

Absences may be job impacting.
